

Train with Purler Wrestling Academy this summer!

We are now accepting registrations for our 10th Annual Takedown Machine Drill Camp where wrestlers will hit literally 100's of reps of each takedown in our proven wrestling system. Our camp has filled in 8 of the past 9 years with registrations coming in as early as January...unheard of in the camp industry. Last year, wrestlers traveled into St. Louis, MO from as far away as New Hampshire, Alaska, Florida, Utah, Georgia, and California, as well as, all throughout the Midwest.

Team Camps - Each year, entire teams from around the nation attend our TDM camp as a way of getting their team drilling on our proven wrestling system. GET YOUR PROGRAM ON A PLAN!!

Camp fee: \$495.00

Small group format

We allow just 45 +/- wrestlers per camp group compared to the 400-600 kids you'll encounter at many college-sponsored camps. This makes for a REAL camp experience with REAL camp results. Needless to say, the camp does fill quickly! And, with many high school and youth programs choosing The TAKEDOWN MACHINE DRILL CAMP as their summer **TEAM CAMP**, certain weeks have been known to fill literally over night when one phone call from the head coach can mean 30+ spots taken. If you are serious about our small-group drill camp, it is best to register early.

Please visit us online at www.purlerwrestling.com for details on our summer camp, Purler Wrestling Academy, and our Foundation Wrestling DVD series. Industry leaders have ranked the Foundation Wrestling DVDs as the best instructional product ever produced for the sport of wrestling...something we are very proud of. Details can be found www.foundationwrestling.com
